

How to add company details in data library ?

Click on Data Library

This type of window open

The screenshot shows a mobile application interface titled 'DATA LIBRARY'. It features a list of seven fields: 'Team Name', 'Line', 'Tender', 'Driver', 'Vehical', 'Material Receive...', and 'Material Name'. Each field has a dropdown arrow and is accompanied by 'Add' and 'Delete' buttons. A blue arrow points from the 'Add' button next to 'Team Name' to the text 'For adding team name just click on Add button'.

For adding team name just click on Add button

The screenshot shows the same 'DATA LIBRARY' screen, but with the 'Team Name' field expanded to show a text input box. Below the input box is a blue 'ADD' button. A blue arrow points from the 'ADD' button to the text 'Here add team name and click on ADD button'. Below the 'ADD' button is a blue 'View' button. A blue arrow points from the 'View' button to the text 'After that press View Button'. The other fields remain the same.

Here add team name and click on ADD button

After doing this process your data has been added successfully

After that press View Button
